

The Flamefighter Mini 10 Year Smoke Alarm is a photoelectric 3V Lithium cell (sealed in) smoke alarm with a battery life of 10 years.

With the photoelectric technology this alarm is more sensitive to detecting slow smouldering fires which may smoulder for hours before bursting into flames.

People with limited mobility will find the large hush button easily accessible even from a wheelchair.

- Certified: EN 14604:2005 / AC:2008
