# First Response Home Fire Cart

Protect your property with a fire fighting package that aids in extinguishing a fire or helping to control it until the fire service arrives. The First response home fire cart is ideal for use on buildings, brush, and wooded areas. Use any nearby stream, pond, pool, or shallow well for your water source. As an optional extra it can be supplied with a tank adaptor that fits onto a standard tank fire fitting and directly onto the suction hose.

Standard kit comes with:

- Honda Powered FKT Yellow twin impeller pump Honda
- 250kg High Sided Trolley
- 38mm Industrial hose complete with quick connect couplings
- 5m length of suction hose complete with camlock fittings
- 5m length of suction hose complete with camlock fittings
- Scotty Fog/Straight Stream Nozzle with D-Handle pistol grip shut offs
- 5 litre jug
