

The Scotty Pistol Grip Nozzle with D-Handle Pistol Grip shut-off has superior characteristics to work with today's Class A and Class B foams. It saves huge amounts of water with its fast on/off valve, it is much more comfortable to use for longer duration fire fighting.

Manufactured from glass reinforced polymers makes it lightweight and easy to use.

Comes with 38mm (1½") NHT, NP or BSP swivel connections.

SKU:4037-30
SKU:4037-70
