

SPECIFICATIONS

Dimensions:

- Length: 56cm
- Body Width: 17cm
- Overall Height: 28cm
- Head Diameter: 17cm

Weight: 11.3kg with Batteries

Battery: 12v, 14.4Ah sealed lead acid

Max Output: 5,300 lumens

SKU: 45674

RECHARGEABLE HIGH LUMEN FLOOD LIGHT

The Scene Light is an industrial-duty, rechargeable, completely portable high lumen flood light. The Scene Light uses 6 LED's and wide pattern reflectors to produce a uniform flood pattern with 2 selectable beam widths and 3 light output intensities. Its telescoping pole and rotating head extends to an overall height of 180cm. The Scene Light also features stabilising legs that fully deploy, and lock, in less than 30 seconds.

FEATURES

- High-impact XENOY® thermoplastic housing
- Unbreakable polycarbonate lens with scratch-resistant coating. O-ring sealed
- Weatherproof construction
- IP67 rated; dust-tight and waterproof to 1m for 30 mins
- Designed to resist 65km/h wind continuous in all directions with head fully extended
- C4® LED technology and circuit to provide regulated light output throughout battery life
- 6 C4® LED's, impervious to shock with a 50,000 hour lifetime
- 6 wide pattern parabolic reflectors for a smooth pattern
- Optimised electronics provide fully regulated intensity
- Selectable diffuser setting for 2 beam widths
- 3 selectable light output intensities
- Operation from internal battery or continuous operation from external 12V DC or AC power source.
- Comes with 240V and 12V DC charger cords & quick release shoulder/waist strap
- 5,300 lumens on high for 4 hours / 2,500 lumens on medium for 9 hours / 1,300 lumens on low for 18 hours.
